## 2. Test Case Example:

Here is an example of test for student/professor in **2IT2-3** Grade **already configured and stored** in our database **db1**:

- **Admin login:**

Login: admin@admin

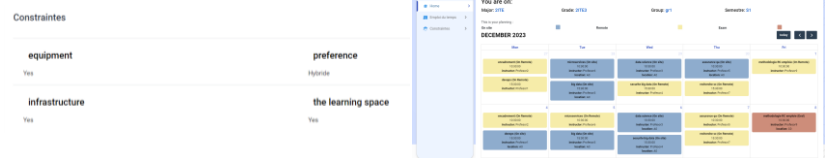

Password: admin@admin

- **Student1 example(2ITE-3):**

Login: reda

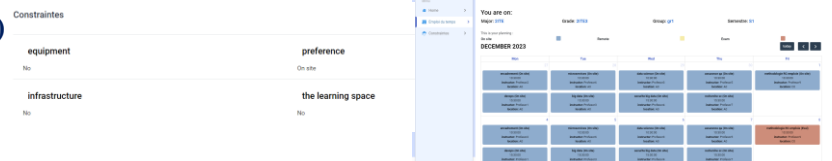

Password: reda

- **Student2 example(2ITE-3)**

Login: oussama

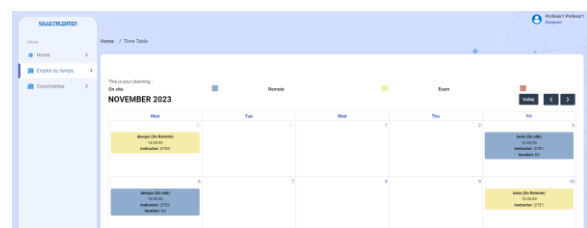

Password: oussama

- **Professor1 example :**

Login: Profesor1

Password: Profesor1
